

PHAM ANH TUAN

AUTOMOTIVE ENGINEER

EDUCATION

*Dong A University
Automotive Engineering
Technology
2023 – 2027*

- *Studied structure and operation of automotive systems*
- *Learned about engines, electrical and electronic systems*
- *Practiced maintenance, inspection, and repair of basic components*

CURRICULUM VITAE

*20/04/2005

*Binh Trung village, Binh Son commune, Quang Ngai city

*Phone: 0326052084

*Email:

Tuanp204205@gmail.com

SKILL

- Basic car inspection and maintenance
- Diagnose basic engine faults
- Use of repair tools and equipment
- Teamwork skills
- Communication skills
- Problem-solving skills

CAREER GOALS

My aspiration is to become a professional automotive engineer where I can apply my knowledge to real-world situations. I am committed to continuously learning and improving my understanding of automotive systems, including engines, electrical systems, and electronics.

I aim to gain hands-on experience, develop strong technical skills, and contribute to improving service quality while working efficiently and responsibly.

WORK EXPERIENCE

- Automotive technician internship 1/7/2025-1/8/2025
- Quang Anh garage

Assisted technicians in routine vehicle inspections and maintenance. Performed basic tasks such as oil changes and component checks. Learned repair procedures and how to use garage tools. Gained practical, hands-on experience

Automotive technician internship
19/11/2025-3/2/2026
Quang Anh garage

- Supported vehicle maintenance tasks and system checks. Inspected brake and chassis systems. Diagnosed basic engine faults using diagnostic tools. Observed real working processes and improved teamwork skills. Developed professional working attitude

WORK

Students participate

- Participated in automotive workshop activities at school
- Practiced basic maintenance and repair tasks
- Observed and learned real working processes in a worksh

Dear Recruitment Manager,

I am a student majoring in Automotive Engineering Technology at Dong A University. I would like to apply for the position of Automotive Technician at your company

During my studies, I have practiced basic skills such as engine disassembly and assembly, vehicle system inspection, and routine maintenance. I am diligent, eager to learn, and ready to work in a technical environment.

I sincerely hope to have the opportunity to learn and develop within your company

Thank you very much!

PHẠM ANH TUẤN
